

UP-N-OUT[®]

ULTIMATE MARINE LADDERS By Scandia Marine Products

SAVE LIVES WITH DOCK SAFETY LADDERS

Whether you have a fixed or floating dock, it can be difficult to impossible for an accidental swimmer to climb out of the water without help. Up-N-Out Marina Safety Ladders assist accidental swimmers to climb out of the water quickly and unassisted. If there is a possibility of people falling into the water off your dock, you should consider installing an Up-N-Out safety ladder.

- ✚ Quickly deployable from water
- ✚ Telescoping – stores retracted out of the water
- ✚ Extends rigid – does not collapse underneath the dock
- ✚ High-visibility yellow bottom rung and/or mounting plate
- ✚ Simply mounting
- ✚ Stainless steel construction

Two Mounting Styles:

Plate-Mounted

- ✚ 9" wide, up to 7-steps, for docks 12-64" above the water
- ✚ Easily removable from mounting plate during winter off-season
- ✚ High-visibility stainless steel powder-coated yellow mounting plate with boarding instructions

Universal Direct-Mount

- ✚ 12" wide, up to 6-steps, for docks 12-56" above the water
- ✚ Permanent mounting into dock surface, you provide hardware based on application
- ✚ Optional "LADDER, FOR WATER EXIT ONLY!" aluminum sign plate with boarding instructions

 **Manufactured in the U.S.**
